INISTA has been organized since 2005. It aims to bring together the researchers from the entire spectrum of the multi-disciplinary fields of intelligent systems and to establish effective means of communication between them. In particular, it focuses on all aspects of intelligent systems and the related applications, from the points of view of both theory and practice. Apart of the main track it includes workshops, tutorials, special sessions and plenary talks by invited speakers.

Organizers
INISTA2020 is organized under the auspices of the Department of Mathematics and Informatics, Faculty of Sciences, University of Novi Sad, Serbia.

General Chairs
Mirjana Ivanović, University of Novi Sad, Serbia
Tülay Yildirim, Yildiz Technical University, Turkey
Goce Trajčevski, Iowa State University, USA

Program Committee Co-Chairs
Costin Badica, University of Craiova, Romania
Ladjel Bellatreche, ENSMA, Poitiers, France
Igor Kotenko, St. Petersburg Institute for Informatics and Automation of the Russian Academy of Sciences, Russia

Special session Co-Chairs
Bülent Bolat, Yildiz Technical University, Turkey
Petia Koprinkova-Hristova, Bulgarian Academy of Sciences, Bulgaria
Jerome Darmont, Université de Lyon, Lyon, France

Tutorial Co-Chairs
Zoran Bosnić, University of Ljubljana, Slovenia
Banu Diri, Yildiz Technical University, Turkey
Vladimir Kurbalija, University of Novi Sad, Serbia

Publicity Chairs
Amelia Badica, University of Craiova, Romania
Burcu Erkmen, Yildiz Technical University, Turkey
Miloš Savić, University of Novi Sad, Serbia

INISTA solicits regular and work-in-progress research, discussion papers and industry experience report papers in related fields. Papers exploring new directions or areas are also welcome. In particular but not exclusively the submissions within the following major areas are relevant:
• Artificial Intelligence Algorithms, • Artificial Neural Networks
• Data Mining, • Machine Learning, • Expert Systems
• Implementations for Intelligent Systems
• Human-Computer Interaction, • Intelligent Agents
• Intelligent Approaches in Robotic and Automation
• Intelligent Approaches in Signal and Image Processing
• Intelligent Control Systems
• Intelligent Transportation Systems
• Natural Language Processing, • Swarm Intelligence
• Smart Sensors and Materials, • Social Media Mining
• Other topics related to Intelligent Systems and Applications

Submission Types, Publications
Papers have a maximum page limit of 7 pages including references and graphs. INISTA will offer the option to buy limited number of extra pages for submission. Accepted papers will be submitted for inclusion into IEEE Xplore. A selection of the best INISTA 2020 papers will be invited to be revised and extended for the post-conference publication in special issues of internationally recognized journals.

Workshops, Tutorials and Demonstrations
INISTA 2020 will host a small number of workshops, tutorials and demonstrations on the topics related to the scope of the conference series.

Important Dates
Paper submission: April 20, 2020
Paper notification: May 25, 2020
Camera-Ready Submission: June 10, 2020
Early registration: June 10, 2020
Special session proposals: March 1, 2020
Special session notification: March 15, 2020
